COVID19 Update – 18 November

Dear Annesley Community,

To manage the public health risk posed by the outbreak of COVID-19, restrictions have been put in place by the Premier of South Australia. Effective from midnight tonight all Schools and Childcare Services are closed except for the children of **essential workers who are required to be on their work site.**

As we have all year, we continue to act in line with the South Australian Government's advice and direction. Annesley Junior School is therefore closed including, OSHC and ELC Services. We will continue to provide care for children of **essential workers who are required to be on their work site.**

Annesley Junior School is closed:

- Thursday 19 November
- Friday 20 November
- Monday 23 November
- Tuesday 24 November

The Premier has made it clear that everyone should remain at home. If you are in the absolute minority classified as an **essential worker** that is required to be onsite for your work, you must **register your child by 5.00pm today, Wednesday 18 November**, in order for us to be able to plan care for your child while you are at work.

If your child must attend the ELC, they must only do so on your usual days of attendance.

All staff will be working from home from Thursday to Tuesday in order to prepare for the possibility of Distance Learning. They will not be providing Distance Learning during the 4 closure days.

We thank you for your understanding and we will provide regular communication via School Stream.

Kind regards,

LUKE RITCHIE
Principal
